Director Minich asked if the Uranium Pods are gone yet? Per Superintendent Simmons, "NO", filling out paperwork which includes forms for State Low-Level Radioactive Waste to Energy Solution. AdEdge will be contacting PUD to tell us what type of Uranium we have. Once we have all this information, the PUD can complete the application and then we will have to wait for approval from Southwestern LLRW Commission for the Uranium pods removal.

Per General Manager Stiglich we only run June Lake Water Treatment Plant (JLWTP) intermittently when Snow Creek is shut down. JLWTP is our most expense plant to run (Uranium pods) so we try to run only when needed to extend the life of the Uranium pods.

MEMORANDUM

Date: May 28, 2021

To: Board of Directors June Lake Public Utility District

From: Paul Stiglich General Manager June Lake Public Utility District

Subject: Operations and Maintenance Budgets for the Fiscal Year 2021/2022

Greetings:

The attached documents are the summaries for the Fund 10 Sewer Budget, and Fund 20 Water Budget. Each budget summary is exclusive for the operations and maintenance functions of the District and contains no increase in salaries or benefits for the District employees from the previous fiscal year of 2020/2021. The following are the bottom-line estimated revenue(s) and projected budgets expenditures:

- ✓ The total estimated revenue for Fund 10 is \$892,520 and includes available Ad Valorem Taxes of \$344,464,
- ✓ The total estimated revenue without taxes is \$548, 056,
- ✓ The total projected budget for Fund 10 is \$675,555.
- ✓ The total estimated revenue for Fund 20 is \$878,771 and includes available Ad Valorem Taxes of \$344,464.
- \checkmark The total estimated revenue without taxes is \$534,307,
- ✓ The total projected budget for Fund 20 is \$513,764.

Since there is a projected surplus in excess of \$20,000 in the Fund 20 budget, the sewer budget (Fund 10) will use less than 19 % of the total available Ad Valorem Taxes of \$688,928 to balance this budget, (\$127.499/\$688,928)(100%) = 18.51%

In conclusion, with the use of the Ad Valorem Taxes, the Fund 10 budget is projected to contribute back into the District's reserved accounts consisting of a rate stabilization fund and, a capital improvement fund the sum of \$216,965. And the water Fund 20 is projected to add the sum of \$365,007 plus a budget surplus of \$20,543 for a total of \$385,550 back into the rate stabilization/capital improvement funds. A grand total of \$602,515 from both Funds 10 and 20 is projected to add to the District's reserved funding accounts.
