THERE WILL BE A REGULAR MEETING OF THE BOARD OF DIRECTORS OF THE JUNE LAKE PUBLIC UTILITY DISTRICT ON WEDNESDAY, FEBRUARY 9, 2022, AT 5:30 PM Via ZOOM, FOR THE FOLLOWING AGENDA:

https://us02web.zoom.us/j/7606487778

OPEN MEETING

Pledge of Allegiance

ADDITIONS TO AGENDA

[Government Code Section 54954.2(b)(2)] Additions to the agenda may be considered when two-thirds of the board members present determine a need for immediate action, and the need to act came to the attention of JLPUD after the agenda was posted; this exception requires a degree of urgency. If fewer than two-thirds of the board members are present, all must affirm the action to add an item to the agenda. The Board shall call for public comment prior to voting to add any item to the agenda after posting.

PUBLIC COMMENT

Speakers should give their name, affiliation if any and the subject they wish to comment on. Comments are limited to three (3) minutes. Discussions will <u>not</u> occur at this time. Topics should be of interest to the District. Any person may address the Board at this time upon any subject within the jurisdiction of the JLPUD; however, any matter that requires action will be referred to Staff for report and action at a subsequent Board meeting.

Account Allocation shows the percentage that each asset class represents of your total account value. Account Allocation for equities, fixed income, and other categories may include mutual funds and may be net of short positions. NFS has made assumptions concerning how certain mutual funds are allocated. Closed-end mutual funds and Exchange Traded Products (ETPs) listed on an exchange may be included in the equity allocation. The chart may not reflect your actual portfolio allocation. Consult your broker/dealer prior to making investment decisions.

Superintendent Board Report February 2022

- 1- Forest Rd had a section of water main freeze. Crew worked a back feed from a meter tap with service and energized the side passed the freeze for temporary service to the remainder of the street. We have evaluated different options to unfreeze the section. We will be attempting to use electricity to heat and thaw the block first, after which we will utilize a new piece of equipment to inject wet steam into the main to help break the blockage. The cause of the freeze is associated with a combination of factors including ambient temps, little to low flow, and the interruption of our "bleeder connection".
- 2- We had 2 calls through the end of January on frozen services. The first one was thawed and determined the remaining frozen section is on the customers side, we are attempting to continue to help to the extent we are able. We were able to thaw the 2nd home within 24 hours.
- 3- I have begun to construct and implement our regular safety program including a weekly course through Target Solutions (now Vector Solutions) specifically on safety topics to keep the crew up on safety training. I have also began purchasing necessary safety gear that the crew does not have for field work including stronger latex gloves and safety glasses.
- 4- I have collected inventory lists for most of our sites and will begin to standardize what we have at the 4 WTPs and Main Stations.
- 5- I am collecting data related to our vehicle inventory to determine needed repairs and provide information to build maintenance logs that can determine end of use for vehicles on the books.
- 6- I am gathering data for future purchases to replace old and outdated equipment that either no longer work or have expired on accuracy. This equipment is essential for field use and includes line locators, magnetic locators, and portable process analyzers.

- 7- Through processes to preserve data integrity, I am working on transitioning into digital logging for our treatment sites and collection sites. This will aid in field use of technology to allow real time capture of data and fast access to key information for work being done. This reduces wasted time and wasted resources.
- 8- In process of revising the structure of the field group to include key point contacts in each branch (Water/ Sewer) for better accountability and flow of information while allowing for any possible future expansion of the department.

Managers Report

- 1) CPA update.
- 2) I.T. Update addressing security, cyberattack/ransomeware/server relocation.
- 3) Worked with Superintendent to start planning lower cost upgrades (wastewater pumps, testing equipment, SCADA etc)
- 4) Working with Superintendent to re-engage the wastewater plant project.
- 5) Working with Superintendent to do a manpower analysis to determine if any need exists for an additional worker in the field.
- 6) Working with Heather to look at coding adjustments to help with clarification on reporting.
- 7) Worked with Superintendent to arrive at solutions during the cold weather trend to address frozen main/meters.
- 8) Re-evaluated the reporting to our Insurance carrier to make sure we are not being overcharged.
- 9) Filed our 2021 GCC report (Government Compensation Report).
- 10) Started testing with June Mountain to provide water for snow making.
